

Team Involvement in Demonstration

Date	2 July, 2026
Team ID	
Project Name	Rising Waters – Flood Prediction System using AIML
Maximum Marks	1 mark

Team Involvement in Demonstration:

This document records the active participation and roles of each team member during the project demonstration. It ensures that every member contributes meaningfully to the presentation and that responsibilities are distributed fairly and clearly.

S.No	Team Member Name	Role in Demo	Section Presented	Contributed Summary	Participation (Active / Passive)
1	Mohan Teja Doddi	Team Lead / Presenter	Project Introduction & Objectives	Introduced the flood prediction problem statement, explained project objectives, and coordinated the overall demo flow.	Active
2	Sai Chandana	Machine Learning Developer	Dataset, Data Preprocessing & Model Training	Explained the weather dataset, preprocessing steps.	Active
3	Hema Chandu Bandaru	Backend Developer	Flask Application & Backend Workflow	Demonstrated the Flask application, backend workflow, and integration of the trained machine learning model.	Active
4	Hinduja Reddi	Frontend Developer	User Interface & Live Prediction	Showcased the web application interface, entered weather parameters, and demonstrated real-time flood prediction.	Active
5	Kamakula Lakshmi	Data Analyst	Model Evaluation & Results	Presented model comparison, prediction accuracy, evaluation results.	Active
6	All Team Members	QA Tester	Testing & Q&A Session	Discussed future enhancements, answered audience questions.	Active

Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	Mohan Teja Doddi
Overall Team Coordination Rating (1-5)	5
Any issues during demo	Minor delay while loading the Flask application before the live prediction demonstration.
How issues were resolved	The application and sample weather data were preloaded before the presentation, ensuring a smooth and uninterrupted live demonstration.
